St. John Telco participates in the Federal Lifeline and Link-Up Programs. Under these programs, St. John Telco offers to qualifying low-income customers a discount off the monthly rate for basic residential exchange service or internet. The current discounted monthly rate is up to \$9.25 per month and can only be applied to one service per household.

These services are available to all qualifying customers of St. John Telco. The costs associated with each are reflected each month on a regular telephone or internet bill along with other charges for services provided by us. Information about these and other services are available by contacting the St. John Telco business office at (509) 648-3322.
